## FIVE DIMENSIONS AND GLOBAL LEARNING PARTNERS – Dialogue Education (Vella) Courses

Learning to Listen, Learning to Teach-A learning centered approach to dialogue education. Dialogue Education uses the principles and practices of adult learning theory to transform “education” into hands-on, interactive “learning”. This is a learning-centered approach. Learning is a partnership between both teacher and learner in order to maximize the learning. Not only is this approach successful with adults, it is successful with adolescents as well.

# **Vermont Training & Consultation Resources**

## **DIALECTICAL BEHAVIORAL THERAPY (DBT)**

### ***The DBT State Consultation Team***

The Dialectical Behavior Therapy (DBT) State Consultation Team is comprised of five Vermont clinicians who have extensive experience providing training and consultation on DBT. The consultation team was formed in 2003 to provide DBT leadership, training, program mentoring and clinical consultation to Vermont community and inpatient DBT programs. The members of the consultation team have extensive experience with developing and operating DBT programs in the following settings and with the following populations: DBT in typical community mental health settings, DBT Residential Programs, DBT partial hospitalization and inpatient programs, DBT-informed treatment for adolescents, DBT treatment for individuals with severe and persistent mental illness, DBT-informed treatment for individuals with developmental disabilities.

Members of the consultation team provide yearly training on the core elements of DBT for clinicians interested in practicing DBT, and they are also available to provide on-site training, mentoring, and consultation to DBT programs as requested. To request on-site consultation/training or inquire about the next DBT training being conducted by the team, please contact Nick Nichols at [nnichols@vdh.state.vt.us](mailto:nnichols@vdh.state.vt.us) or 652-2000.

### ***The Amanda Menei Fund***

In 2004, the Vermont Department of Health's Division of Mental Health established the Amanda Menei Fund, a state fund to support training and consultation for mental health staff on how to use Dialectical Behavioral Therapy to help individuals who are suicidal, self-harming, and difficult to treat. The Division of Mental Health has set aside \$2500 each year for the next five years to fund (1) core "Nuts and Bolts" training for interested mental health providers on how to begin practicing DBT in their programs, and (2) additional onsite training and consultation for providers in need of more

intensive assistance applying DBT to their program and the individuals they are working with. The fund will be used to pay members of the State DBT Consultation Team, a group of expert DBT clinicians from Vermont (see above), to provide local, regional and state training and consultation on DBT. If your agency is interested in finding out more about this fund, the State DBT Consultation Team, or how to access training or consultation, please contact Nick Nichols at 652-2000 or [nnichols@vdh.state.vt.us](mailto:nnichols@vdh.state.vt.us).

### ***The DBT Development Committee***

The DBT Development Committee is a group open to any clinician practicing or interested in practicing DBT in Vermont. Each committee meeting includes: 1) training on specific DBT components, 2) a case consultation in which a DBT team can present a challenging case to the state DBT Consultation team for consultation and feedback, and 3) networking, resource sharing and problems solving discussions regarding supporting DBT in Vermont. The committee meets four times each year. For more information about attending the meeting, contact Nick Nichols @ 652-2000 or [nnichols@vdh.state.vt.us](mailto:nnichols@vdh.state.vt.us).

## **INTEGRATED MENTAL HEALTH AND SUBSTANCE ABUSE TREATMENT**

The Division of Mental Health is currently operating under a federal grant to support the development of integrated mental health and substance abuse treatment in community mental health centers. For more information on how your program can be involved in developing integrated treatment, contact Evan Smith at 652-2000 or [esmith@vdh.state.vt.us](mailto:esmith@vdh.state.vt.us).

## **SUPPORTED EMPLOYMENT**

The Division of Mental Health is committed to providing training and technical assistance to all programs who are interested in improving the quality and quantity of employment services for individuals with mental illness. For more information on how to receive individualized training and technical assistance at your site, contact Laura Flint at 652-2000 or [lflint@vdh.state.vt.us](mailto:lflint@vdh.state.vt.us).

## **THE UNIVERSITY OF VERMONT DEPARTMENT OF PSYCHIATRY**

## Funding Opportunities

### FUNDING TO SUPPORT LOCAL PEER-RUN PROGRAMS

The Division of Mental Health plans to solicit proposals from consumers for local peer initiatives, developed and controlled by consumers in the public mental-health system. The form and purpose of these initiatives can be flexible; some ideas that have been suggested include education in peer leadership, warm lines, peer mentoring, drop-in centers, peer crisis diversion, resources for peers upon discharge from inpatient hospitalization or from a correctional facility, peer advocacy/community liaisons, and recovery-oriented initiatives (e.g., exercise, diet, healthy lifestyles, employment, etc.).
